

## PUBLIC STATEMENT

### Managing risks of a no-deal Brexit in the area of central clearing

The European Securities and Markets Authority (ESMA) is publishing this Public Statement to address the risks of a no-deal Brexit scenario in the area of central clearing. The ESMA Board of Supervisors supports the continued access to UK CCPs to limit the risk of disruption in central clearing and to avoid negatively impacting EU financial market stability.

ESMA therefore welcomes the communication [\*Preparing for the withdrawal of the United Kingdom from the European Union on 30 March 2019: a Contingency Action Plan\*](#), published on 13 November 2018 where the EC stated that it will act, to the extent necessary, to address financial stability risks in the EU arising from the withdrawal of the UK without any agreement. In such a scenario the EC has stated that it will adopt a temporary and conditional equivalence decision in order to ensure that there will be no disruption to central clearing.

Therefore, ESMA is engaging with the EC to plan, as far as possible, the preparatory actions for the recognition process of UK CCPs, in case of a no-deal scenario. ESMA has already started engaging with UK CCPs to carry out preparatory work. The aim is to ensure continued access to UK CCPs for EU clearing members and trading venues as of 30 March 2019, should all the conditions in EMIR, including any conditions set out in the equivalence decision, be fulfilled.

## Notes for editors

1. ESMA's mission is to enhance investor protection and promote stable and orderly financial markets.

It achieves these objectives through four activities:

- i. assessing risks to investors, markets and financial stability;
  - ii. completing a single rulebook for EU financial markets;
  - iii. promoting supervisory convergence; and
  - iv. directly supervising specific financial entities.
2. ESMA achieves its mission within the European System of Financial Supervision (ESFS) through active cooperation with the European Banking Authority (EBA), the European Insurance and Occupational Pensions Authority (EIOPA), the European Systemic Risk Board, and with national authorities with competencies in securities markets (NCAs).
