## Reporting framework 2.9

---

### **EBA reporting framework 2.9 consists of five packages**

The amendments to the reporting framework will apply from different reference dates due to different application dates of the underlying regulatory requirements.

The main changes compared to the previous version of the EBA reporting framework relate to the following:

Package 2.9 RES to apply from 31/12/2019:

- Changes to existing resolution reporting requirements (adjustments and additional templates)

Package 2.9 COR to apply from 31/03/2020:

- Changes to COREP to align with new securitization framework

Package 2.9 FIN to apply from 30/06/2020:

- Changes to FINREP concerning non-performing and forborne exposures reporting, P&L and IFRS16

Package 2.9 LCR to apply from 30/04/2020:

- Changes to LCR to align with the LCR amending Act

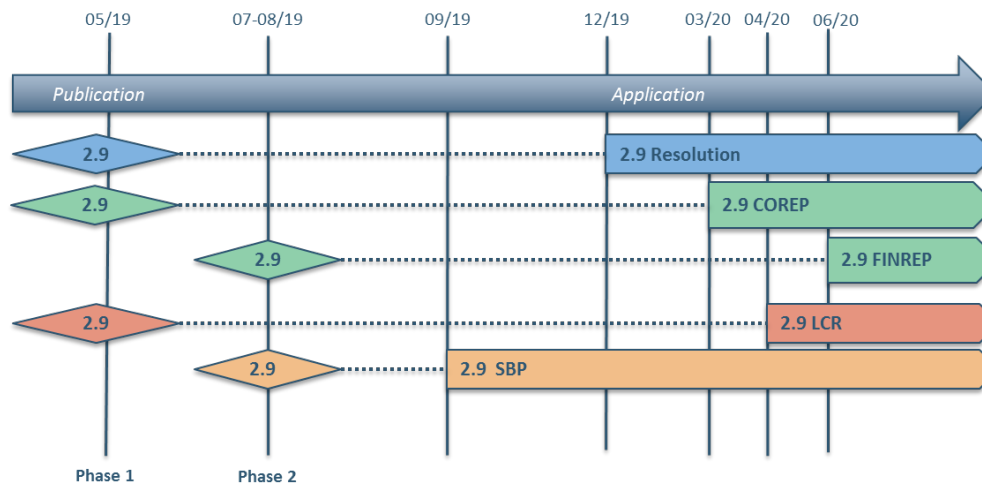

Package 2.9 SBP to apply from 31/12/2019 (IMV from 26/09/2019):

- Changes to reporting requirements as specified in the ITS on supervisory benchmarking of internal models
